Armed Bandits Hold Up GC Man; Tri-City Robbed

Victim Loses \$90 to 3 Men; 'Customer' at Store Gets over \$100

Three robbers, two of them armed with pistols, held up Richard Bruce, 2209½ Lee Avenue, on 22nd street between Washington and Lee avenues, about 2:30 a.m. Sunday and took his wallet, cash and car keys. Bruce, who was unhurt, told police he was walking home from a neighborhood tavern and that the trio apparently came from the alley he was walking by. They came up from behind and took the men jacked guns in my back, while the third one took my wallet.

"While the guns were in my back, they told me not to turn back," said Bruce. "I tried to run, but I was unharmed, so I ran back to the car. He was unable to say which way the men fled, and the only description he gave was that one of the bandits was tall.

Stuckup at 'Grocery'

A "customer" with purchases totaling \$24 paid a gun instigator to rob the Tri-City Grocery, 19th street and Cleveland Blvd., and ordered the checker to empty the cash register in a paper bag "or I'll blow your brains out."

The bandit, who was attended by about 150 persons, Randall Robertson, park board attorney, served as master of ceremonies, and Miss Linda Sabo, who is reigning Miss Granite City, cut the red ribbon Granite City, Marine Cpl. Richard John Giebe, 19, older son of Mrs. Doris Giebe, 2108 East 24th street, was killed Thursday night in action against Communists in Vietnam. This year, the youth had received shrapnel wounds to the legs in a skirmish against the enemy.

Mrs. Giebe was notified Saturday by Marine Corps authorities that her son, Cpl. Giebe, sustained mortal fragmentation wounds from a hostile device while engaged in operations against the enemy on Nov. 9 in Quang Nam Province, Vietnam.

The youngster was the son of Mrs. Elsie Laskowitz Nicolai, 59, Missouri speed skating champion of the 1930s, and her partner, Frank Carlton, who performed as "The Old Smoothie."

Two youngsters, Kim Kritz, 7, and her sister, Karen, 10, of St. Louis, with their instructor, Andi Anderson, also gave a skating exhibition. The first "Entertainment" was provided by Mrs. Miller said he was in his mid-20s and was wearing a blue trench coat.

There were about 25 customers in the store, and several were in the checkout lanes. Mrs. Miller was operating the center cash register.

"When I rang up his purchases and told him it would be \$5.24, he pushed the bag toward me and told me to put the money in it. I didn't know what he meant at first, but then he pulled out a small black automatic pistol."

"One man who was next in line saw all of it happen, but after I put the money in the paper bag, he got out of the store in a hurry," Mrs. Miller related.

House Looted

A variety of items were stolen from the home of Theodore L. Raphael, 223 Greenway Drive, Mitchell, after 7:30 p.m. Thursday, it was reported to the county sheriff's office at 8:25 p.m. The house was ransacked.

Taken were a watch, a radio, a savings stamp book used at a school, a full book of stamps, a comb, a 10-cent coin, a set of old coins from a bedroom valued at \$100, and \$3.59 in cash.

Short Talks, Fancy Skating Highlight Rink Dedication

Speech making was minimized during yesterday's official dedication of Granite City's new ice skating rink and recreation center at Wilson Park. The program was stage entertainment following introductions and a ribbon-cutting ceremony—and to permit officials to do ice skating for a whirl around the rink.

One man accepted the offer of the Rev. Kaseberg, president of the Chamber of Commerce; Park Board President Barry Loman and Commissioner William Kozak.

Pontoon Mayor Refutes Merger

Staicoff Says Village 'Is Geared to Grow'; Will Not Be Annexed

Emphatic denial of the prediction of the village of Pontoon Beach and the city of Madison was voiced Friday by Thomas L. Staicoff, president of the village.

The Pontoon mayor said the prediction that Madison would annex the village in two years—made last week at a Granite City council session by Alderman Nonn—was "ridiculous."

"We'll pledge again," Staicoff told the Press-Record.

"That we never have or will consider being annexed by any other municipality. They are not the point of reference," Staicoff said.

The village mayor said there is no reason to have a vote on annexation for a year.

Staicoff said the comment made at the Granite City council session "reflects a lack of judgment and unfounded fears."

"The village is growing," Staicoff said. "It is the time our village is enjoying a tremendous building growth. As to how long this will last, I do not know. But the spirit and our goals are high, and we will push our efforts to make this village a success."

"At times there are many statements made to discourage us, but we will endure and overcome these obstacles."

"In closing, I would like to

Madison School Board Outlines Position

Madison school board members met for 11 hours Saturday morning and early Sunday morning in an effort to forestall today's Negro boycott of all public schools in the district.

After 16 members of the Pontoon Board of Education voted to support the NAACP's position, the board was issued Sunday afternoon and is being distributed to residents of the school district.

It followed the distribution of a handbill on street corners Saturday afternoon by a group of Pontoon Board of Education members of the NAACP, listing seven demands.

The board included the text of the NAACP's position statement by the Pontoon Board of Education.

'Handful' Of Negro Students In Class

NAACP Pickets Schools In Madison; Authorities Seek State, County Aid

Picket lines set up by the Action Committee of the NAACP reduced attendance of Negro students to a "mere handful" at Madison schools this morning.

The boycott effort was initiated at a meeting between school authorities, NAACP officials and representatives of other Negro groups broke up early Sunday morning in a deadlock over a list of 11 demands, which the immediate school board action was sought by the Negro groups.

Pickets appeared in varying numbers at the Madison high school, Blair, Dunbar, Blair and Louis Bierman grade schools.

The picketing was orderly. No disturbances were reported by any of the schools. Pickets remained silent and did not call or speak to the few Negro students who passed the picket lines to enter their schools.

White Attendance Normal

School officials said attendance of white pupils was "near normal," noting that a few Negro students stayed away apparently through fear of racial disturbances.

The NAACP's boycott indicated almost 100% effectiveness. School Superintendent Raymond Dragich announced today that he will call on the state Department of Public Instruction and the Madison county superintendent of schools for advice and supervision in meeting the situation.

Dragich said when authorities and school board agents who have had experience in such developments should be called into the school problem at Madison.

He said he intended to call the office of Ray Page, state superintendent of public instruction, and Wilbur Trimpie, Madison county school superintendent, this afternoon.

There were no details on results of the boycott, Dragich told the Press-Record. "There is only a mere handful of Negro students attending classes."

Statement of Board

The text of the school board's statement follows:

In view of the recent problems arising at the Madison senior high school, and now, further, in view of the proposed school boycott, initiated by the local chapter of the NAACP, the Board of Education of Madison Community Unit District 12 assumes the following statement:

On Saturday, Nov. 11, 1967, the Board received information of a school boycott to commence Monday, Nov. 13, 1967. Contact was made with Mrs. Thomas Weston, president of the local NAACP Chapter, and she advised this was true. At the same time, the following circular was issued in certain parts of the school district:

"Attention Citizens:

"All of the parents in the Pontoon Board of Education are asked to keep their children home from all of the schools in the school system, as protest to the shameful and unjust treatment of some students of Madison High School by the Faculty and Administration of the High School."

"This protest will remain in effect until a number of corrective actions are taken by the Board of Education of Madison Community Unit District 12."

\$2 Million in SIU-SW Building Awarded

Contract awards for two new building projects at Southern Illinois University-Southern Campus, totaling \$12,120,308, were approved Thursday afternoon by the SIU board of trustees in a meeting at the Southwestern campus.

The two approved contracts were for \$12,305,733 in building work at the Carbondale campus in two separate projects.

The two projects are: the Science Building, which will include completion of the interior of the second floor and addition of a ballroom.

The Southern campus addition at the Science Building is recommended for approval to the Illinois Building Authority which finances the construction with revenue bonds, then leases the facilities to the university. Funds are to be repaid with the rental fees.

University Center Project

The other Southern campus project at University Center will be designed by the University. Contracts for that job went to Edmont Construction Co., East St. Louis, \$405,500 for general construction and to other firms for heating, electrical work and equipment. No bids were received for plumbing and a call for that part of the job has been scheduled for November.

The offices planned at the Science building will be recommended to the IBA for financing and construction. The board decided to accept the bids totaling \$12,305,733 on the job despite the fact that they still were above the architect's estimates.

It was the second time bids on the project came before the board, the earlier ones having been rejected as too high. University architects, however, advocated acceptance of the latest proposals to avoid even higher construction costs increases in the future. Low bidder on

general construction was R. & R. Construction Co. of Alton, \$1,572,000 recommended for the Miner Construction Co. St. Louis. Plumbing, heating and electrical work was awarded three other firms.

The board rejected a \$974,745 bid on laboratory furnishings, more than \$50,000 above estimate.

Seek Radio License

The first step toward construction of an FM radio station at the Southwestern campus also was taken by the board. Thomas is president.

The board authorized application to the Federal Communications Commission for a license.

Faculty appointments were made for both campuses at which fall-quarter enrollment exceeded expectations. The Southwestern campus now has 8328 students, a total increase of more than 2000 over the 1968-69 enrollment. There are 19,260 students at the Carbondale campus.

Changes of assignment made by the board include Harry Callahan, assistant dean of students at the Southwestern campus, to serve also as head of the athletics program. A general construction award

of \$10,227,850 research, office and general student facilities at the Science Building, for which a fixed-sum contract was recommended for the J. L. Simplot Co. of Decatur, Ill., which will subcontract much of the work.

Second Largest Building

The four-story building, second in size only to the Morris Library at Carbondale, will include a 10-story, mid-rise building, botany, zoology, physiology and psychology.

The board also recommended to the IBA awards totaling \$2,077,883 for construction of a 10-story, six-story addition to the Physics Building, now nearly completed at the Carbondale campus.

The new wing will bring the faculty office and a lecture room to the Physics Building. A general construction award

of \$1,102,000 was recommended for the Miner Construction Co. of Alton, \$1,000,000 for the Physics Building, \$100,000 for the Chemistry Department.

Rev. F. E. Schultz of Zion Lutheran Church of Oklahoma City is expected to call as new pastor of Hope Lutheran Church in Granite City. Rev. Schultz and his family plan to move to Granite City this week. Arrangements are being made for installation of the new pastor at Hope Lutheran on Sunday, Nov. 19.

Local GI Now Driving Tank He Helped Make at GSI

Slightly more than one year ago, Robert Strack was part of a large production force at General Steel Industries whose combined efforts resulted in the manufacture of the M-48 tank and Army Personnel Carrier (APC) vehicles.

Now, Specialist Fourth Class Strack—one of nearly 500 U.S. servicemen in Vietnam—drives a tank or an APC tanks manufactured by his former employer under battlefield conditions, and, co-incidentally, his present occupation is driver and maintenance man of an APC vehicle in the combat area.

Recently, Sp4 Strack enjoyed seven days of R&R leave in Hawaii, where he was joined by his parents, Mr. and Mrs. Benjamin Strack, of Rural Route One, for a joyful reunion.

The local couple remained in Hawaii until their soldier-son embarked by plane to Vietnam and turned toward Vietnam and an additional five months of duty with the 25th Infantry Division.

While in Honolulu, the Granite City family attended Mass together, with the serviceman commenting that since arriving in Vietnam his church participation had been limited to batoneting Masses said from inside his APC vehicle.

Mrs. Strack also is employed at General Steel Industries, having worked in the GSI dispensary for the past 11 years. The infantryman's father, an electrician, is with Illinois Power Company here. Sp4 Strack was graduated

from Assumption high school, East St. Louis, in June 1965. He attended Southern Illinois University and Southern Baptist college at Alton and worked part-time at Kroger Food store before joining the General Steel work force.

He enlisted in the Army on Sept. 20, 1966, and was assigned to Vietnam on March 23. Recently, the soldier observed his 20th birthday there and, last month, was promoted to Specialist Fourth Class.

The heartache of watching their son leave for combat duty for the second time in less than eight months was considerably lighter for the older couple and the thought that he will be home very soon, his mother said.

County Lawyers Will Explain New State Laws

The Illinois State and Madison County Bar Associations have completed production of an hour-long television special designed to explain new state laws and will present it at 1:30 p.m. Saturday over KTVI-TV (Channel 2), according to announcement by William Brandt, president of the Madison County asso-

ciation. The program will be entitled "The New Laws," and is designed to help end confusion over the mass of new legislation produced by the 79th General Assembly and signed into law by Gov. Otto Kerner. The Legislature passed 2603 bills, a record number, of which 2200 were approved by the governor.

The program will focus on legislation of major public interest and impact such as new traffic regulations, motorcycle law, job discrimination, new divorce grounds, credit reforms and the gunowners registration act.

Brandt said a Madison-St. Clair county committee of bar association members is in charge of local arrangements to direct area-wide attention to the program. Schools have been urged to listen to the program as "Assignment for Saturday" in order to expose pupils to the many new laws affecting motor vehicle operators, motorcyclists and owners of firearms.

Irvin C. Slatte Jr., Granite City attorney, is a member of the committee in charge of arrangements.

ABOUT THIS QUESTION:

"Cigarette smoking isn't only a health hazard—the many fires caused by lit cigarettes make it a fire hazard as well. Many fires are also caused by electric appliances, defective or improperly used. Is a family discussion of these fire risks a 'must' for prevention of fires and loss of life?"

Bouquets of white gladiolus and a full puffed skirt with a chiffon train. She carried a basket of flowers and petals. Mark Campbell, the bridegroom's cousin, served as ring bearer.

For her daughters wedding Mrs. Brooks chose an emerald green coat dress with a wide belt, light blue accessories and a corsage of white cymbidium orchids, while the bridegroom's mother selected a pink pink A-line dress, a matching jacket and pink accessories. Her flowers were pink orchids.

Rev. Lawrence Mattingly officiated at the 2 o'clock ceremony, and Rev. Mr. Brooks entertained guests at an evening reception at the American Legion Hall afterward.

The bride was given in marriage by her stepfather. Her father is the late Sherman H. Peter.

The Empire wedding gown of Chantilly type imposed lace, falling gracefully to the hem and accenting the cage train, tailored in a chisel train. The bodice had a bateau neckline and long tapered sleeves. The skirt was encircled with scalloped lace. A halo of sparkling lace petals and pearls secured the bride's short bouffant veil of silk illusion and she carried a cascade of phalaenopsis orchids, stephanotis and variegated ivy.

The attendants, Miss Penelope Casper, maid of honor, and two bridesmaids, Miss Susan Trgovich, a cousin of the bride, and Miss Kathleen Weissenborn, were dressed in white lace gowns with aline skirts of apparel chiffon featuring free flowing Watteau panels and bodices of Venise lace in the same shade. Headpieces of lace petals were fitted to match the gowns as were short bouffant veils. All three had bold line arrangements of variegated and green ivy. A little flower girl, Glenda Barbee, another daughter of the bride, wore a dress of white lace over taffeta with a square

Ice Skating Month Being Proclaimed

Impetus to the interest of Quad-Cityans in ice skating during the week in the form of proclamations declaring the month of November as "Ice Skating Month" and urging the public to participate in the sport.

The proclamation came from the office of Mayor Donald Partney, the Student Council of Granite City high school and a group of citizens, within two weeks of the opening of the City's new ice skating rink at Wilson Park.

The proclamations called attention of the public to the health and pleasure benefits of ice skating and encouraged residents who skate to participate in the sport at least once a week. They further urged persons who do not know to learn "and thereby find the fun way to fitness."

Modern Day Squires

2 Area Navy Airmen are Plane Captains

By JOHN RON DALTON, USN
The tall loudspeaker blasts "right of way — man your flight quarters."

The chill of the early morning in the Gulf of Tonkin is forgotten as dozens of young plane captains hurry across aircraft carrier flight decks to begin their missions, readying their planes for air strikes against North Vietnam.

Among them are Airman Joseph Stern, 20, son of Mr. and Mrs. Joseph W. Stern sr., 1001 Washington avenue, Madison, and Airman Donald J. Gass, 20, son of Mr. and Mrs. W. E. Gass, 3024 Sunbury avenue, both are crewmen on the Intrepid.

Stern is attached to Anti-submarine Fighter Squadron Ten. He is a 1966 graduate of Madison High School and entered the Navy in May 1964.

Gass is attached to Attack Squadron Fifteen. He is a 1968 graduate of Granite City high school and joined the Navy in November 1966.

For these enlisted men, usually known as broom shirts because of their identifying brown jerseys, the day begins with inspection of their plane by the chief petty officer of the flight line. These instructions might be as brief as, "Get your bird ready for a 0600 launch and be sure all its systems are working and

JOSEPH E. STERN

DONALD J. GASS

without leaks. Now get out there with your bird, we've got a job to do out here." But they already know what their job is and hurry to their assigned plane to "pre-flight" it.

"Thorough Inspection" is the next step through inspection of all moveable parts of the plane. The plane captain inspects wing flaps, the pressurized canopy over the cockpit, the speed brakes and makes routine fuel and oil gauge checks.

He must also be sure the plane is clean, and he wipes it down daily with a green solvent and then polishes the cockpit canopy to make sure the pilot will have clear vision in flight.

When the pilot arrives on deck at his plane, he and the plane captain make another overall inspection to be sure that the plane is ready for launching.

Like the squires of old, these young sailors prepare their planes for the return into combat. And on their skill and thoroughness rest the life of the pilot and the fate of the airplane.

Highly regarded

The pilots are highly regarded for their plane captains because they know the young men have been trained and tested extensively before being assigned to a multi-million dollar aircraft.

After 10 weeks of basic instruction in aircraft engines and maintenance in a Navy school, a prospective plane captain is assigned to a specific aircraft on which he gets on-the-job training under the supervision of a senior petty officer. Months later he knows his particular aircraft inside and out. He can sense a troubled engine even before any physical defect is evident.

The pilot climbs into the cockpit, confident that his plane has been inspected by an expert and is in top condition for flying missions over North Vietnam.

The plane captain helps strap the pilot into the seat with an exhorting, "good luck, sir," climbs from the ladder. The engine is started. He listens closely as the powerful turbines hum to life. Seeing that he has done his job well, he tosses a "thumbs up" signal to the pilot, salutes smartly and runs to a deck-edge catwalk to watch the launch.

Pride, Accomplishment

Minutes later when the aircraft rolls from the massive carrier deck, the plane captain feels a sense of pride and accomplishment. With his plane in the air, he can relax for the first time in his busy mission. He might help other plane captains with their duties or pause for a quick snack. But all the while his thoughts are on the plane and pilot.

When the plane returns, the captain gets a thumbs up or thumbs down from the pilot on the condition of the aircraft. He might be asked to look for damage or other unsafe conditions and see that proper attention is given to the plane before the next combat flight.

Several hours after the last plane returns to the carrier, his day is ended. Tomorrow, he will do it all over again!

Granite City, injury riddled for the entire season, fielded a team of four seniors, Jim McCull, Russel Borth, Gary Kunkel, and Roger Larson, four juniors, Dennis Peck, Mike Bradford and Mike Pekarik; and two sophomores, Larry Lipscomb and David Belsh.

Maroon runs Wild

Bill Mauseer brought his season rushing mark to 1,172 yards, getting two touchdowns on runs of 72 and 33 yards. He carried the ball 17 times and picked up 10 yards on a reception. The Warriors scored late in the fourth quarter when Mike Dochow crossed the goal on a two-yard run up the middle. A fumble for the point after touch down was stopped just short of the goal.

Mauseer's 72-yard touchdown came on the second play of a 75-yard drive following a fumble recovery very late in the second period.

In the third quarter, GCHS took a punt of its 33 but lost five yards in the next three downs and attempted to kick. The pass from center missed and the Maroons took over on the Warrior 10-yard line. The pass for the score followed Mauseer's five-yard carry.

Still Accepting Names for 'Yule Mail Call'

Letters from Alexandria, Va., and Aviston, Ill., received last week, provided additional names and addresses of Quad-City residents serving in the U.S. Armed Forces for inclusion in today's issue of "Yule Mail Call."

The list also contains addresses of a Madison couple's two sons, serving in the U.S. Navy, and the name of a Korea-based Artillery officer, the son of former Granite City residents, now living in Kan-

ada. Quad-Cityans are invited to contribute the names and addresses of military personnel for publication in subsequent editions of the Press-Record's

pre-Christmas service — "Yule Mail Call."

The information should be written on a post card, letter or slip of paper, and mailed directly to the Press-Record office, 1815 Delmar avenue.

Presently stationed with her serviceman-husband at Alexandria, Va., Mrs. Robert J. (Connie) Duboise, writes:

"Please add my name and address to your wonderful

"Yule Mail Call."

"I am enclosing the addresses of my son, Robert, and son-in-

law, Class Harvey E. Caninor, who is based at McGuire Air Force Base, New Jersey. Also

the son of my husband, Sgt. Robert J. Duboise, and a friend,

Brothers Overseas

Mrs. William Vaughn, 1633 Second Street, Madison, submitted the names of her two sons, Donald W. Vaughn who is serving aboard the nuclear submarine, USS Stowall Jackson, presently at Hawaii, and Robert Vaughn, 19, in Japan with the USS Rowan.

Mrs. Vaughn told the Press-Record, "I would like to thank you for this service. Don has been away from home for the past year. Christmas is the time that he received so many nice cards from strangers, as well as friends, after his name appeared in last year's Yule Mail Call."

"Our son, Roy, has just left for overseas and this will be his first Christmas away from home. Again, I want to thank you for Yule Mail Call," the Madison woman wrote.

Post card to Mrs. Janet (Kramer) Monaghan, 1000 N. Marion, Ill., formerly of Granite City, furnished the name of her husband, Corporal J. J. Monaghan, who is with the U.S. Marine Corps in Okinawa.

Also appearing in today's Yule Mail Call list is the address of 1st Lt. Ronald Brink, son of former Granite Cityans, Mr. and Mrs. Nicholas R. Brink of Kankakee.

Brink is serving with the 44th Artillery in Korea. Lt. Brink is expected to remain overseas until April. During his absence, his wife, the former Nancy Williams, is teaching school at Berwyn, Mo., and their two sons, Mr. and Mrs. James I. Williams Jr., 129 Riviera drive.

Local residents again are reminded by Granite City to send their Christmas cards to mail highway packages, greeting cards and letters early as possible to ensure delivery by Christmas.

Parcels weighing less than five pounds, and other packages, may be airlifted on a space available basis to military personnel serving in Vietnam and surrounding areas, up to Dec. 1. Mail forwarded at airmail rates can be sent until Dec. 11.

GC Clean Air Board to Try To Determine Its Status

Granite City's Air Pollution Control Board will meet at 7:30 this evening in the third floor council-chamber room at the city hall to determine the new city law.

The agenda for tonight's meeting, which is an open session, lists Mayor Partney as one of the speakers on the subject. Chairman of the board and the board's acting technical secretary, Prof. Erwin Hoescher of Washington University, are to report on the progress of the city's bid for a grant of federal funds.

Last week, Prof. Hoescher advised the city council that it was his opinion the city had given away the authority of the city clean air board and the technical secretary to the state board and secretary.

He recommended the city council take another look at the revised city air pollution control law that was adopted last month to conform with state standards and to consider additional revisions to bring back controls.

While the professor offered to assist the council in taking these steps, the aldermen voted instead to submit the newly-drawn laws to the state board and its technical secretary for interpretation and recommendations.

Life Insurance is mostly LOVE

sure, there are things like dividends, annuities, guaranteed pensions . . . after all, life insurance is mostly love. It's a way of saying, "I care." Life insurance is a bright, confident face that looks to the future without questioning if college doors will open. Life insurance is the serenity that comes with the knowledge that a "foreclosed" sign will not be decorating the front door. Life insurance is the comfortable companion of the peaceful years. For families who are richer because they care, life insurance is a lot of things. But mostly love.

Miss Diane Stone Bride
Of Wm. D. Weinberger

Miss Diane Stone, daughter of Mr. and Mrs. Charles R. Stone, 2001 Madison Avenue, Madison, and William D. Weinberger were united in marriage Saturday at one o'clock in the afternoon at the First Baptist Church in Madison.

The groom is the son of Mrs. Lois Weinberger, 7400 Madison Avenue, Kirkwood, Mo.

Rev. Richard Dillender officiated at the double-ring ceremony.

Miss Stone escorted his daughter down the white-carpeted aisle. She was attired in a princess-style gown of nylon organza over taffeta. Venise lace daisies edged the second neckline. An elbow-length sheer skirt and the full-length petticoat reception was held in the educational building of the church.

A veil of French Illusion was held in place with a double crimp of lace, crystals and tiny pearls. The bride carried a cascade arrangement of white carnations and ivy.

Miss Sallie Bloomes, maid of honor, wore a gown of sheer pink with a lace-trimmed skirt, featuring a full-length velvet coat of ruby rouge with Victorian

influence, long tapered sleeves and a high belted back.

Matching feathers were attached to a brief bouffant veil. She carried pink carnations in a colonial bouquet.

Kenneth E. Harris, brother-in-law of the bride, served as best man. Frank Demashke attended the guests.

Gene Hargrave, soloist, was accompanied on the organ by Miss Elaine Schell, "Because Dearly Beloved" and "Because of Thy Prayer."

The bride's mother wore a tailored eggshell dress and matching jacket with brown accessories. Her corsage was made up of pink carnations.

The reception was held in the educational building of the church.

The former Miss Stone is a graduate of Madison schools and is a computer operator and a compotometer operator for St. Louis Industries, St. Louis.

The groom, a graduate of Parkway high school, Chesterfield, Mo., is employed as a salesman for sporting goods firm in St. Louis.

The couple will reside in Granite City upon their return from a honeymoon trip.

Miss Linda Sue Arthur
Is Bride of Sgt. Grooms

Second Baptist Church was the scene of the wedding Saturday afternoon of Miss Linda Sue Arthur, a daughter of Mr. and Mrs. Ray Arthur, of Rural Route Two, and Marine Sgt. Larry L. Grooms, son of Lawton Grooms, 2577 Iowa street, and Mrs. Gertrude Grooms of St. Louis.

Rev. W. L. Showers, a former pastor of the church, heard the vows of the couple at 1 o'clock.

The bride was given in marriage by her father.

She wore a trained gown of white lace over satin. Her bouquet was held in place with a flower and pearl headpiece.

Music for the wedding was provided by the organist, Mrs. Nancy Mercer.

A story of "Music Around the World," stressing the United States, England, Russia, Norway and Italy, was the program of the Bay View Reading Club Thursday afternoon at the home of Mrs. E. Byers, 265 Edison avenue, the hostess entertaining with several piano compositions of Lange, Godard, Verdi and Bach.

Preceding the program, a pre-dinner meal was served to 15 members.

Mrs. A. E. Krumsek presided at the meeting, and plans were made for the annual Christmas party to be held this year on Dec. 14 in the home of Mrs. Emil Mueller, 2405 Lynch

avenue, with Mrs. Ralph Froehling as co-hostess.

Railroads are Dangerous Playgrounds for Local Children

By M. E. BARTOSIAK
Railroad trains are fascinating, but to let children play around trains or railroad tracks is inviting heart break, according to railroad detectives here.

The railroad agents are urging parents to teach the children the rules of safety and to keep them away from points of danger.

It may be exciting for children to show off by climbing a boxcar or walking a railroad track, but the result, they say, is not a playground, and it is footloose and dangerous.

In a conference here, the detectives also expressed concern over the safety of others because of injuries caused by curious children.

In a recent Mitchell case, locks were beaten off of a signal communication case and off four switches and communication equipment was damaged. All of the signal lights along the track turned red, indicating that a train must stop.

Cause Injury
But a railroad train cannot be stopped immediately, they pointed out, and even a rapid stop could cause injury to passengers or railroad crews. The boys, they noted, were 12 and 13 years old and they admitted

leads to danger to themselves and heave damage to equipment."

Older teenagers have been caught in theft of interstate signal lights and signal lights that violate federal laws.

"The teenagers are liable for damages, they noted.

Some youngsters are only five and six years old and come especially from homes which parallel railroad tracks, they said.

One detective told of a child in diapers who was sitting between the tracks playing with rocks. Other children were in the area. A train came along and the mother was able to stop in time. He took the child home, and his parents were shocked.

Refuse to Believe

One parent, when told that the children had caught on railroad property or in railroad cars, refused to believe it, especially where the child denies he was near railroad property.

Some people, when told that the children had caught on railroad property or in railroad cars, refused to believe it, especially where the child denies he was near railroad property.

Youngsters like to play around equipment, especially on tractors. "I wish he wouldn't have broken the headlights," he said.

Some children also develop the habit of throwing rocks at the trains or at new automo-

biles as they pass by or to drop objects from overpasses, and the railroads must pay for the damage.

Trouble in Cycles
The third type of playgrounds generally when the children are not in school and have nothing to do, and after Christmas.

Too many parents give their youngsters guns for Christmas, and they use them and signal lights as targets. Shooting at cabooses endangers train crews. Children are not alone here, one said: adults are the same.

The detectives are to work more closely with juvenile authorities when catching youngsters on railroad property, in this case the Coordinated Services in Granite City and with county juvenile officials.

Parents will be asked to work for conferences with juvenile authorities about the actions and behavior of their children.

Not a Playground
Railroad detectives are trying to keep children away mostly for their own safety, they said. "It is not a playground for children, and is not a playground for children, and we run them off every

fund-raising drive remains at \$9000, which will be attained in order to again provide Christmas cheer for the many less fortunate in our community," Jessie said.

He noted that the Salvation Army tree recently was presented to the Granite City park district, after the original tree died earlier this year.

"Each light on the replaced tree will represent \$25 of our goal," the chairman explained.

He said that the donations received through the campaign only provide food baskets for those in need, but toys and gifts for shut-ins in hospitals and nursing homes.

Jesse urged every citizen in the four-community area to "share in this experience and become a part of the 'helping hand' of the Salvation Army this Christmas season."

Capt. Harold F. Thomas, local Salvation Army command-

er, reports the familiar bright red kettles will make their annual appearance here on Friday, Nov. 24.

The kettles will be on the streets through Christmas Eve. Capt. Thomas relates, attended Salvation Army personnel and volunteer groups and clubs, who will encourage passerby to share with their lonely and needy neighbors through contributions to the kettles and the "Tree of Lights" appeal.

Organizations and individuals desiring to ring bells at the kettle locations may call the Salvation Army office, at 451-7857, for details, the commander said.
